The Tree of Hope Difference...

The Tree of Hope Campaign is celebrating its 31st year! As DSC's most significant fundraiser, this annual Campaign gives children and adults, in our community, opportunities and experiences they would not have without your support. These opportunities range from a child receiving early intervention services, high school transition, obtaining and maintaining a job in the community, living independently, and enriching programs connecting people with the community they live in. Your gift allows us to continue our mission to "support people in living a rich and meaningful life."

Your sponsorship will help to underwrite the 2024 Tree of Hope campaign allowing every dollar donated to directly enhance the supports and services we offer.
